LET'S TAKE A FAIRVIEW

BY

Forrester Ison

We feel that it is the function of any school to develop in every child a love and appreciation for the heritage of the rights and privileges guaranteed by our form of government and to help him acquire the abilities and skills needed in performing the duties of a worthy citizen. These benefits to the individual can be assured only through an elementary school and a secondary school that are conceived and operated as a laboratory of living and learning.

We are striving to be that kind of school, striving to improve the behavior of tomorrow's citizens in order that they will have a developing society in which to live. If we are to have such a school, we must abolish intolerance and cultivate true democracy. The students of Fairview are being subjected to learning experience through which they will acquire better than ever before the fundamental abilities attitudes and skills needed by the individual to practice the arts of group living. If good results are to be accomplished for the pupil, then teamwork must become the watch word. There must be successful teamwork within the school and between and among the agencies and forces of the school, the home, the church, and the community. The feeling seems to be that we are heading in that direction.

In the first issue of this year's paper there will be mistakes, and pupils can be excused for the mistakes once, but by conscientious application, the same mistakes are uncalled for in the second issue.

Joyce: Some good looking man try-
ed to pay for my lunch to-
day.

Sandra: Well what happen

Joyce: I took him upon it.

The baseball team this year has been a real good one. We won 3 out of 4 games this year, all of them with Orange. The first game, the score was 14 to 4, the second, 6 to 5. The third game, we lost a heart-breaker, 7 to 6. And the final game, we won, 7 to 6. That was all the games we played.

Concerning our basketball team it is too early to tell, but I think we are going to have a fine team. The team this year is getting new suits, thanks to Mr. Thomas and Mr. Ison. They ought to look very nice. About our basketball schedule, we are going to play 10 games this year and win them all. If you have not seen the schedule as yet, here it is:

Nov.	2	Alquina-----H
"	3	Springfield-----H
"	9	Orange-----H
"	14	Laurel-----T
"	30	Brownsville-----T
Dec.	7	Ritchell-----T
"	11	Economy-----T
"	13	Sandusky-----T
Jan.	4	Orange-----H
"	12	County Journey
"	25	Springfield-----T
"	29	Economy-----H
Feb.	1	Levisville-----H
"	8	Amilla-----T
"	12	Laurel-----H
"	15	Laps-----T
"	22	Kennard-----T

The high school elected the cheerleaders the other day and we have a fine group. They are Shirley Isaacs, a Junior Sandra Whipple, a Freshman and Loretta Cannon, a Sophomore and Rosella Humig, a Junior who is the substitute cheerleader.

Who were you for in the World Series? I was a Dodger man myself, but everyone to his own opinion. The Dodgers won the

first one, 6 to 5 by the pitching of Sal Maglie. The Dodgers also won the second game by the margin of 10 to 3. But things reversed themselves as the Yankees took the third game, 5 to 3. Again came back strong under the pitching of Whitey Ford to take the fourth game, 6 to 2. The fifth game was won by the superb pitching of Don Larsen, who pitching the perfect game, was the second man in baseball history, and the first man in World Series history to do it, naturally for the Yanks of New York. The sixth game was won by the Dodgers, 1 to 0, in a pitching duel between Clem Labine and Bob Furley. Jackie Robinson drove in the winning run with a single to score Jim Gilliam. The final game of the Series was won by the Yankees. So the Yankees are the World Series Champions. Did your team win or lose?

The up and coming grade team in basketball is going to be undecided until the first game is played. They have two members of the squad of last year still remaining on the team. They played fairly good ball last year and we think they will be just good as they were before. So, we will see pretty soon. The cheerleaders elected by the 7 & 8 grades are as follows: Kittybelle Soukup and Joy Ann Ray. So, everybody go to the games.
